Sheikh Kamal bin Ali bin Mansour Mahnna, may God have mercy on him and grant him a place in His spacious gardens The founder of this giant entity, which started from scratch after hard work and dedication the Mahnna Agriculture and Trading Establishment was established in AL-Taif province on 22/05/1389 AH with the opening of its first branch of this great institution. Subsequently, the rest of the branches were opened one after the other in AL Taif, Riyadh, and Jeddah, and a factory was established for the production of polyethylene pipes and fittings ranging from 16mm to 250mm on an area of 4000 square meters in Jeddah's third industrial zone. After his death on 2001/01/23, his eldest son Saleh bin Kamal Mahnna took over to continue what Sheikh Kamal, may God have mercy on him had started until the end of 2019 when the company was converted into a closed joint-stock company. The name of this great institution became Mahnna Agriculture and Trading Company, a closed joint-stock company Then, his middle son, Khalid bin Kamal Mahnna, took over to continue this blessed journey and lead it forward in its development, growth, progress, and advancement towards global recognition under the leadership of our wise government led by the Custodian of the Two Holy Mosques, King Salman bin Abdulaziz Al Saud, may God protect him, and his inspired young crown prince, the visionary leader of Vision 2030, His Royal Highness Prince Mohammed bin Salman bin Abdulaziz Al Saud, may God protect him. In conclusion, we ask the Almighty to guide us and direct our affairs towards what is best for the country and its people.

56 year of giving, progress, success
and advancement towards
globalism to keep pace with the
2030 vision

01 ABOUT US

Muhanna Factory for Irrigation and Agriculture Systems

Located in Jeddah - Third Industrial City,
specializing in the production of polyethylene pipes, irrigation fittings,
plastic joints, basins, and covers

Spanning an area of 4800 square meters

Annual production capacity of 400 tons

Irrigation systems

Electric generators

Installation,
maintenance,
and spare parts

Sizes from kilowatt to 150 kilowatts
She works in diesel and gasoline

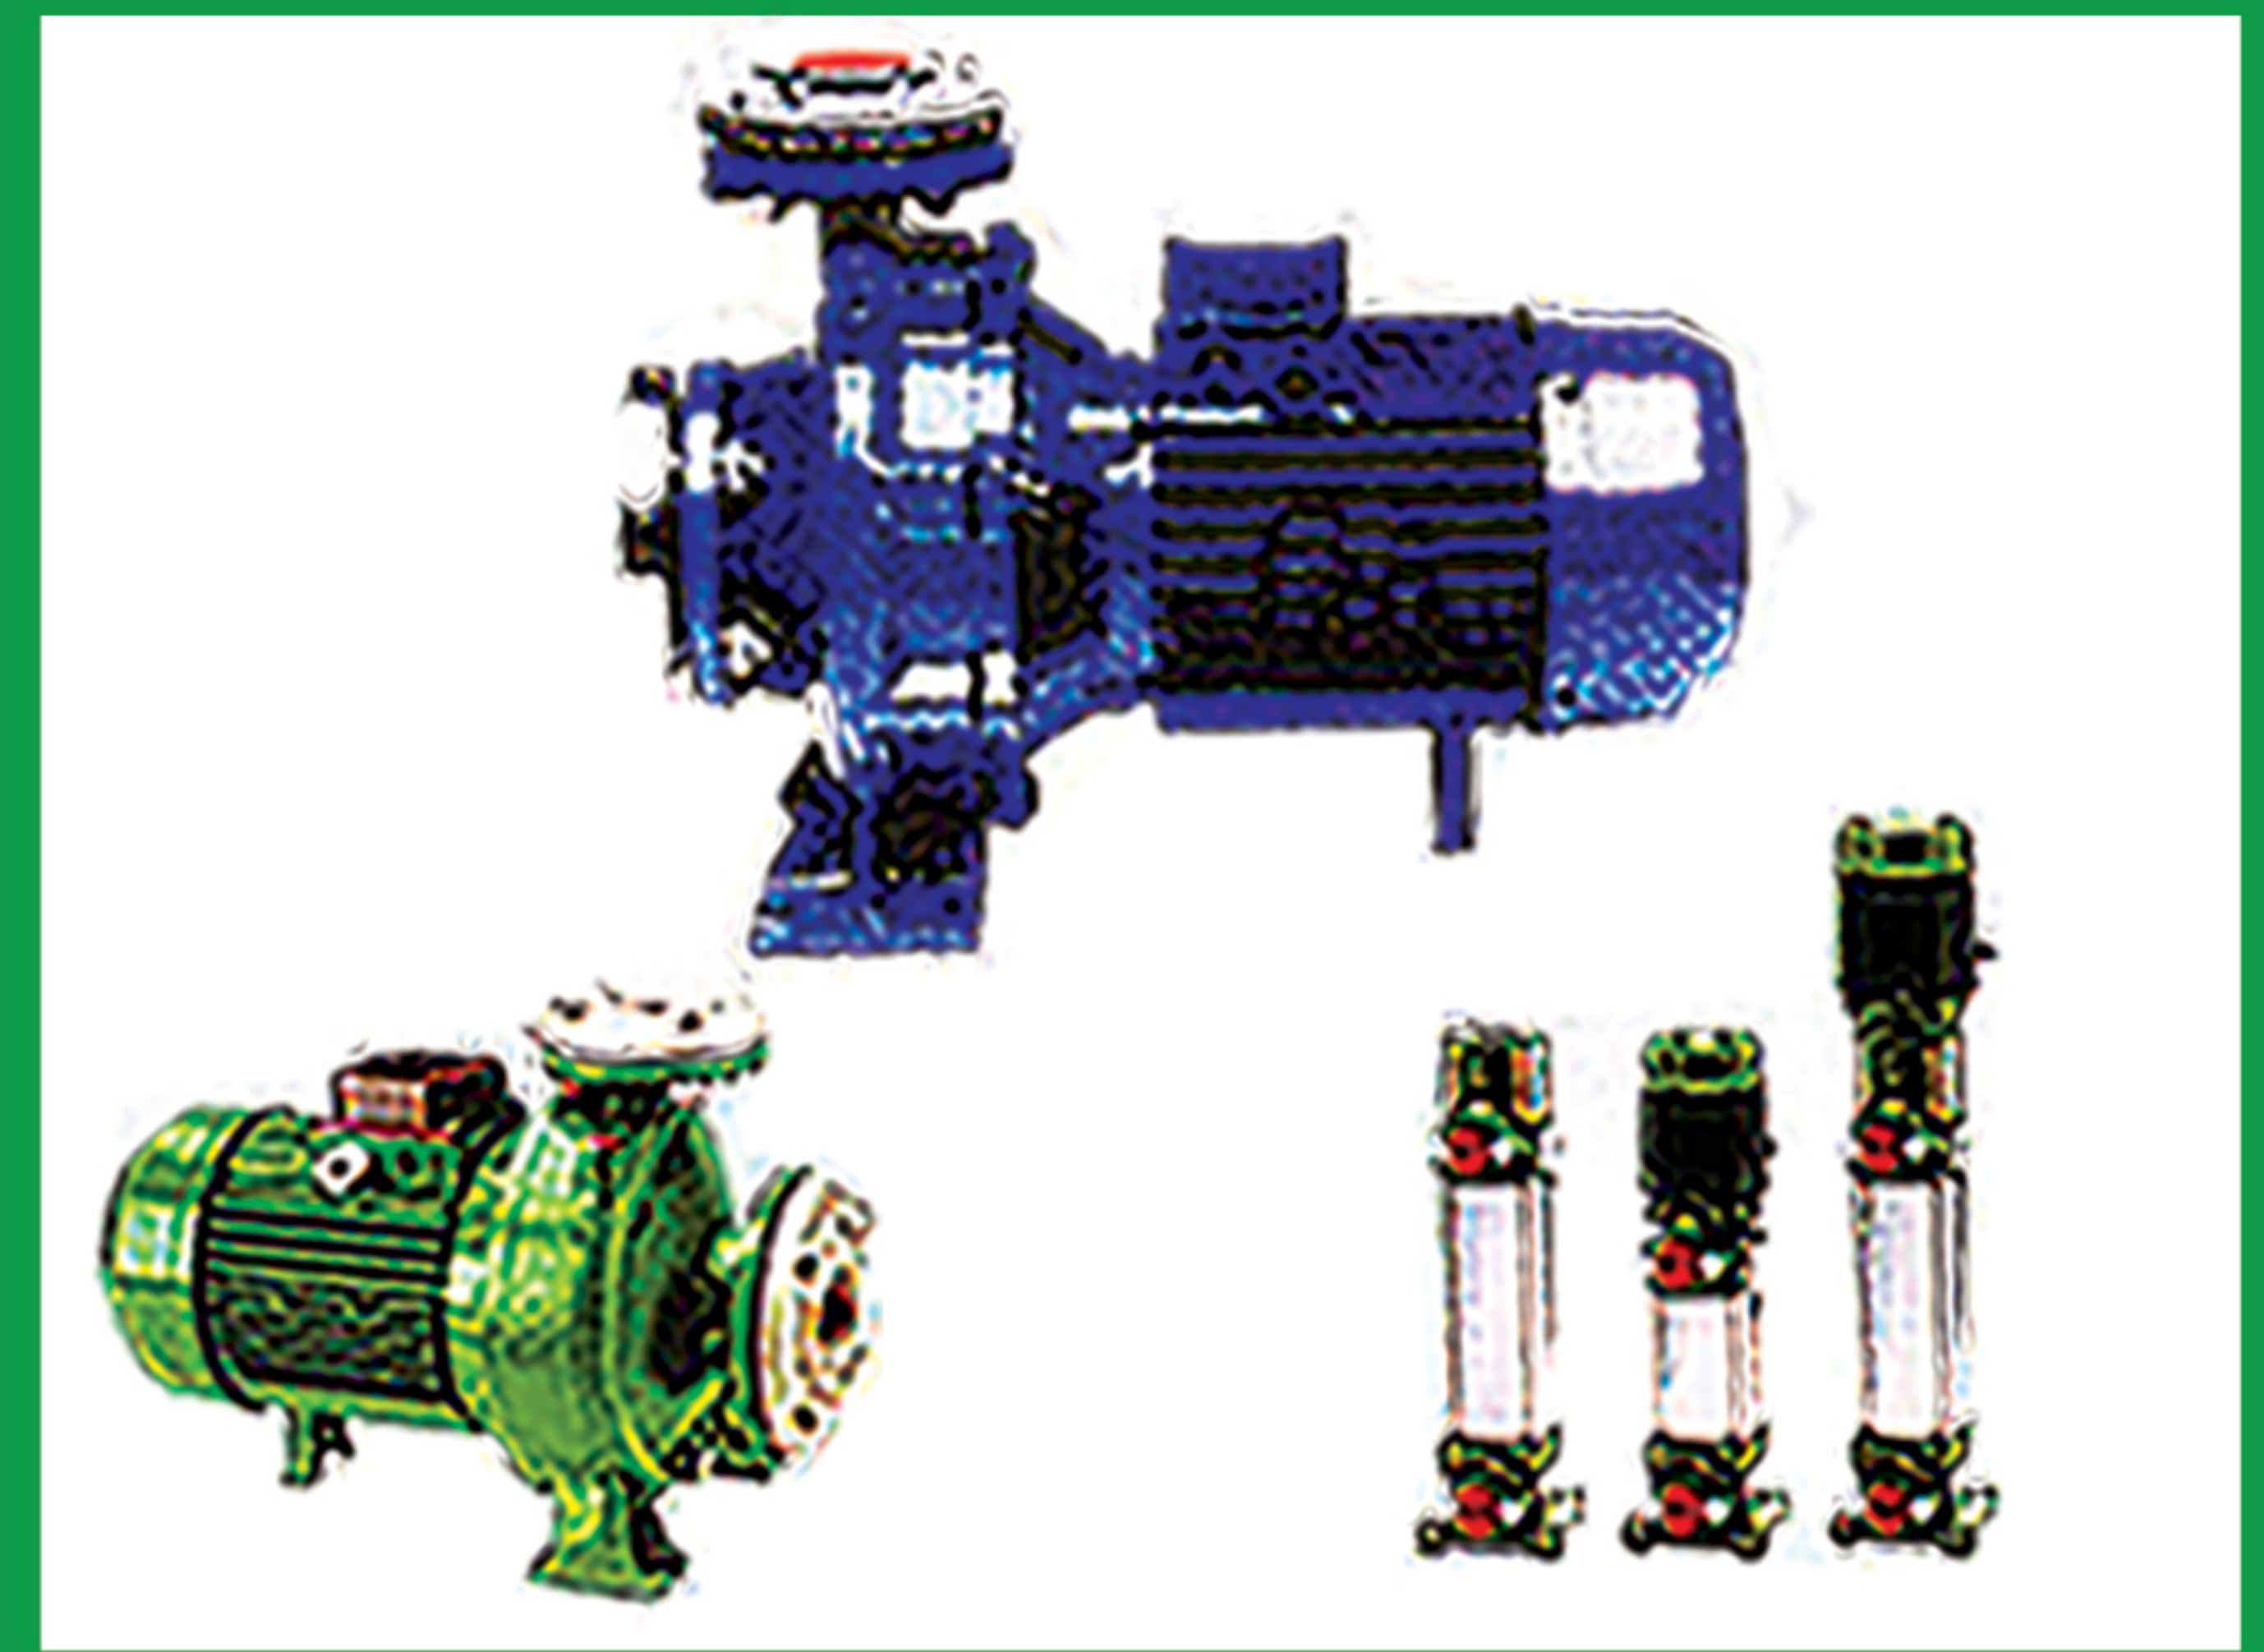

Multiple types and measurements
The world's best brands.

Pump supplies

All
spare
parts

Automatic compressors.
All sizes of pressure tanks
Crystals, watches, radar lockers...
The world's best brands.

Water pumps

Maintenance
and
spare parts

Automatic horizontal and vertical
Sizes from text to 100 horsepower
Home and farm use.
The world's best brands.

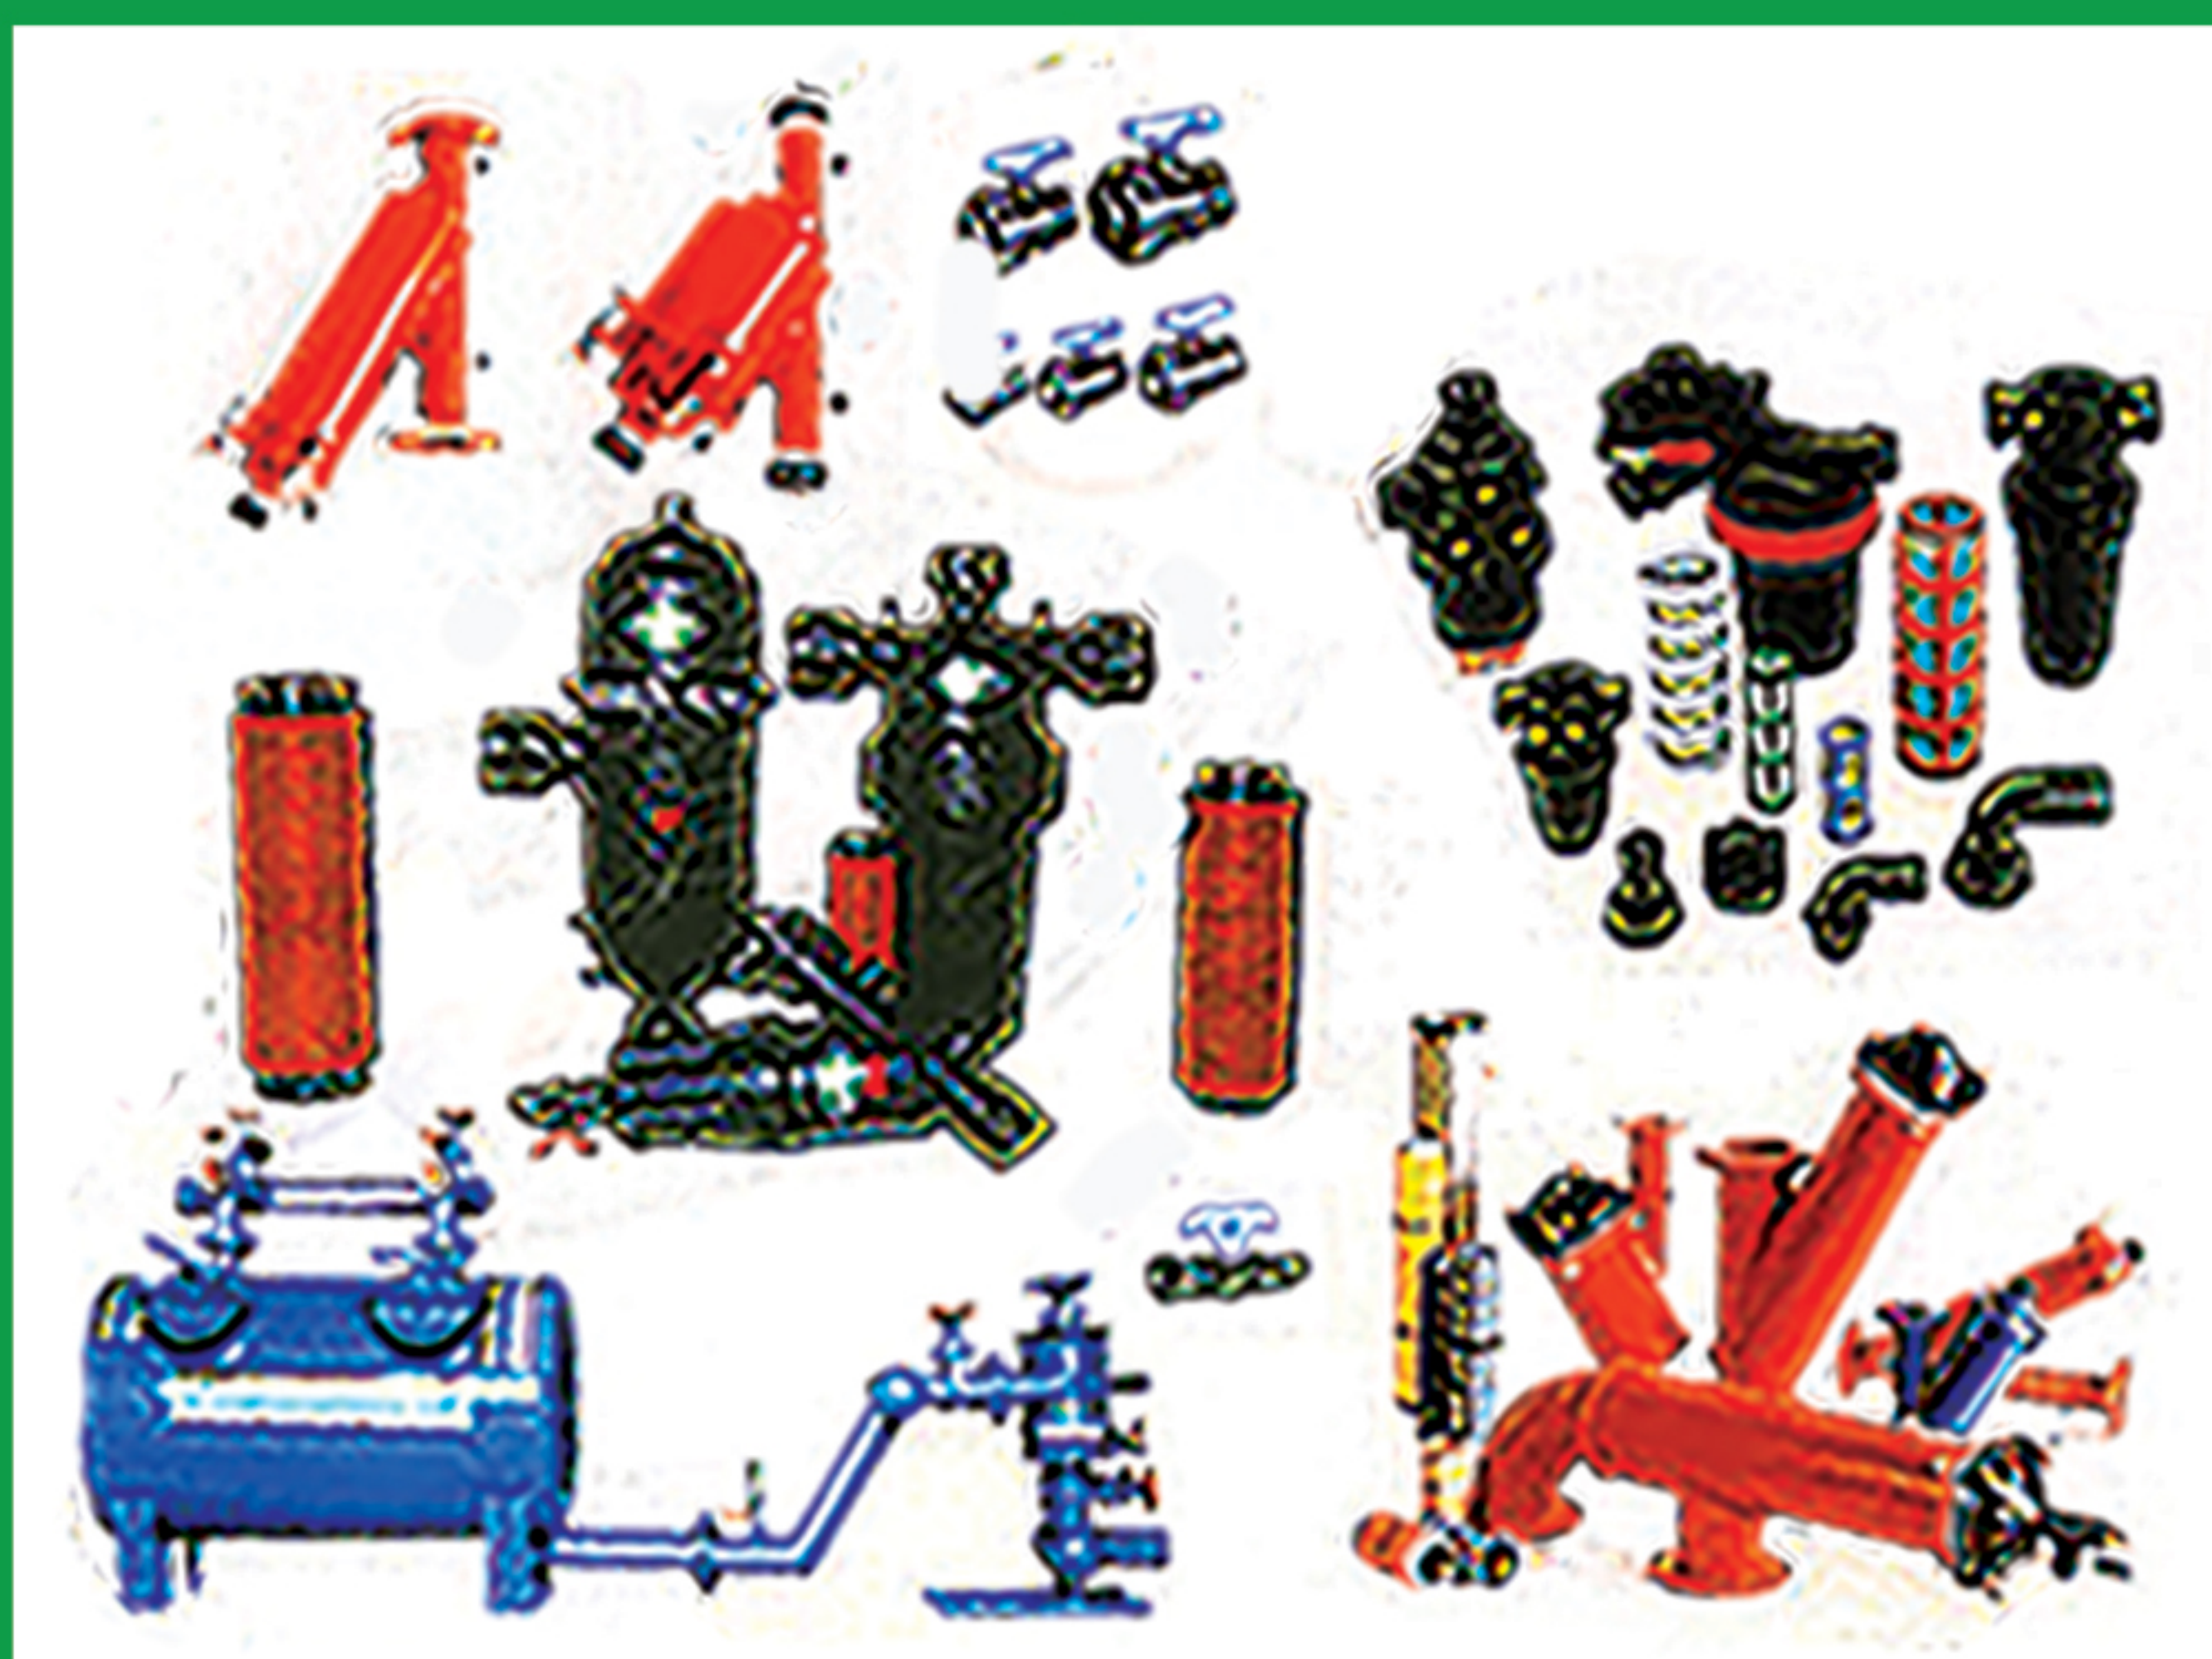

Irrigation and drip supplies

Design,
installation and
supervision

Drippers, sprayers, sprayers, and spray holders cover all agricultural needs

Large pieces from 13 to 32 mm Connecting parts and fasteners from 25 to 160 mm

Water filter.

All
spare
parts

Plastic, iron and copper traps.

All sizes

Different size fertilizer. The world's best brands.
filters plastic water, iron and cabbage.

Drip irrigation hoses

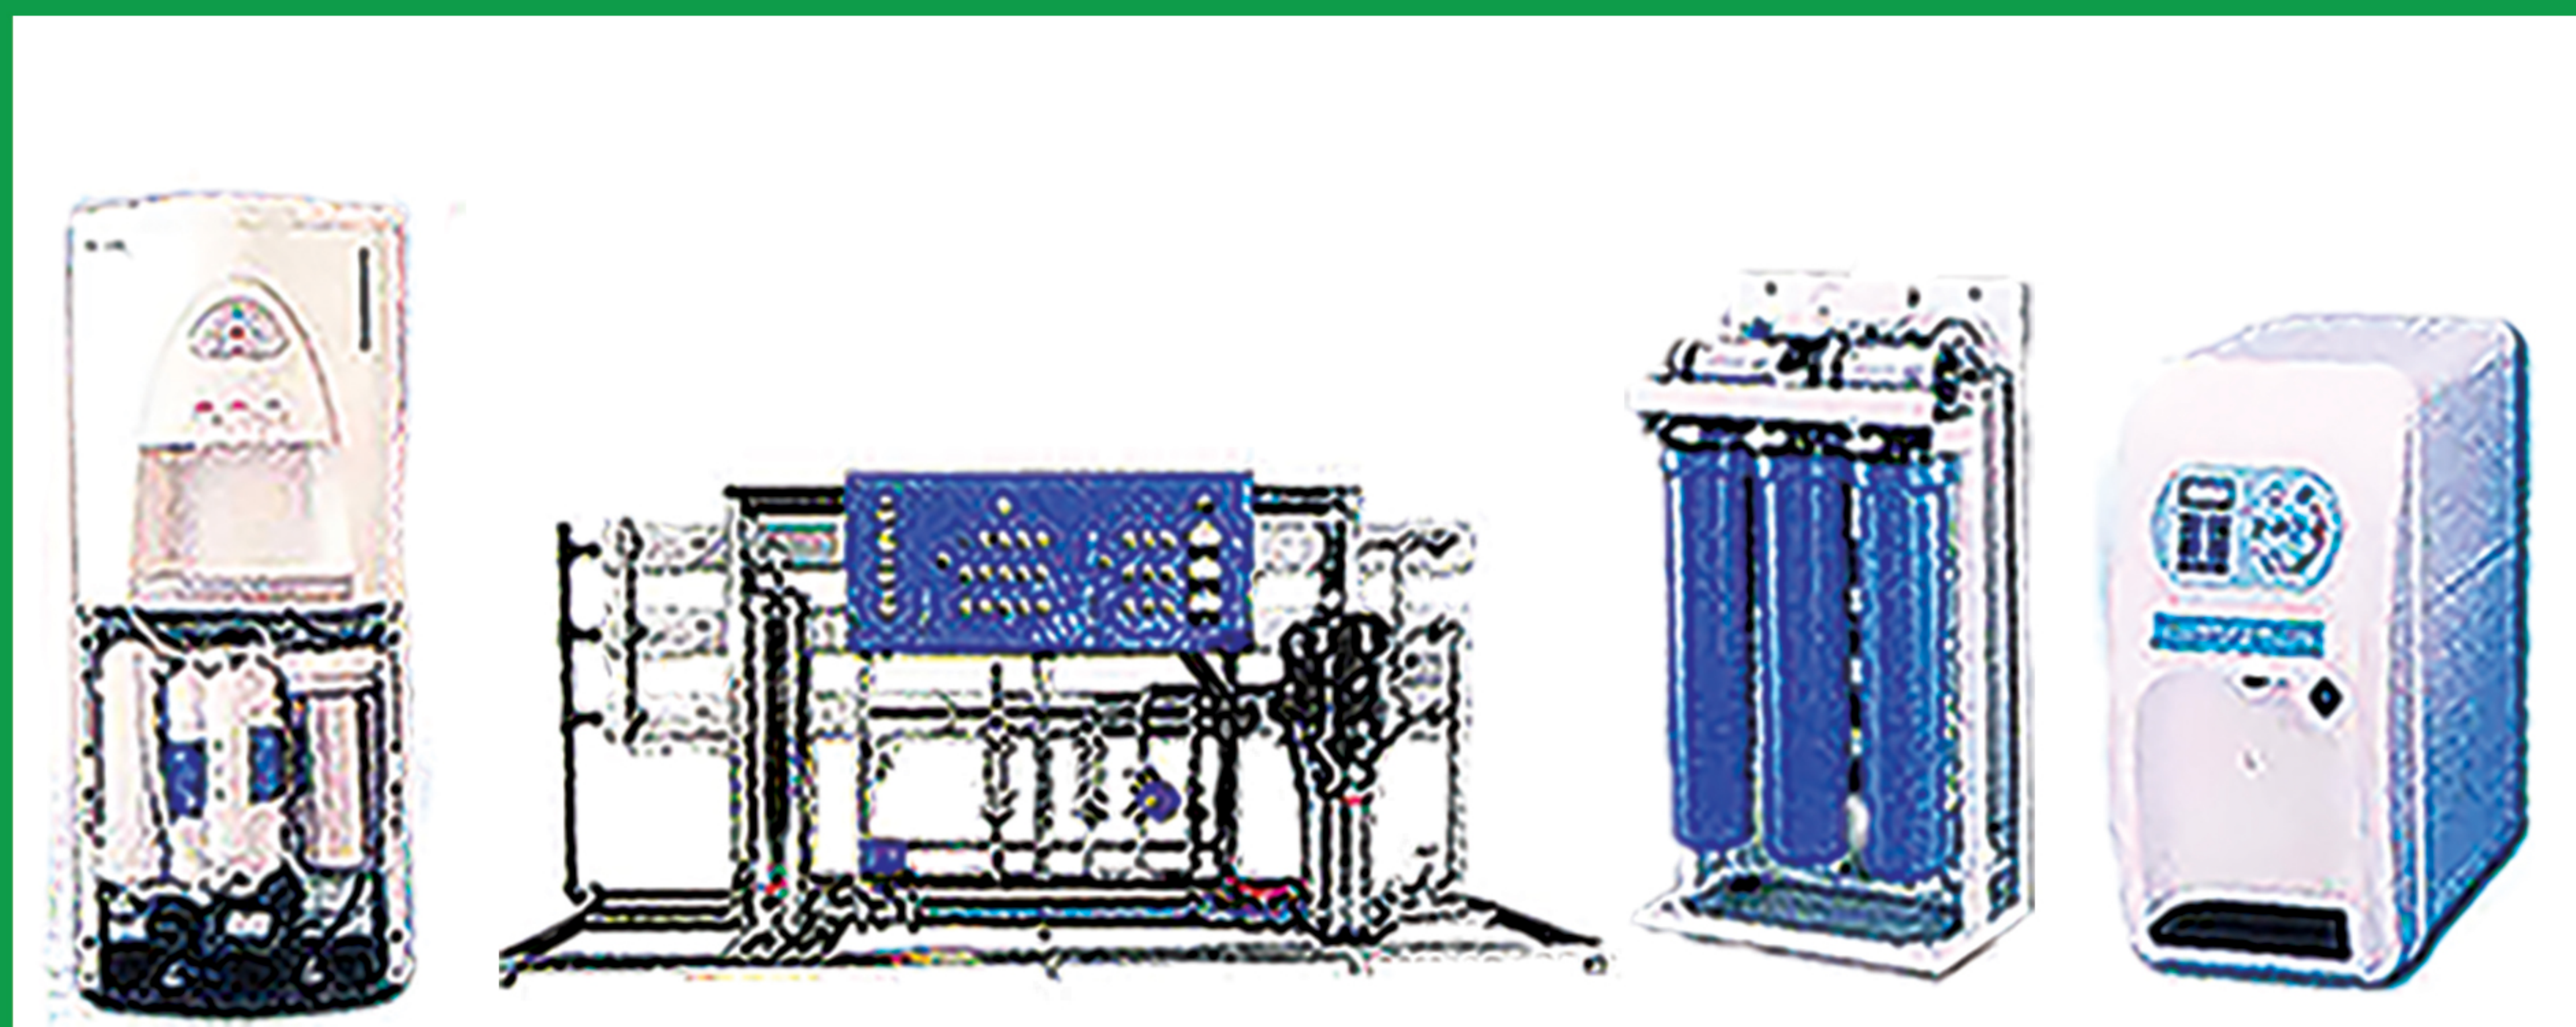

Manufactured to
international
standards

Polly Ethelin hoses for drip irrigation
networks and water transport

Sizes from 13 to 160 mm.

Pressures from 4 to 16 bars.

Irrigation systems

Water desalination plants

Installation,
maintenance,
and spare parts

The world's best brands. Multiple types and measurements

Seeds-Agricultural Medicines-Samida

High quality
seeds

World's best seeds for flowers and vegetables.
Agricultural pesticides and insect control
Fertilizer and soil processors

Water dives.

Installation,
maintenance,
and spare parts

Multiple types and measurements
Different depths. The world's best brands.
Different amounts of water

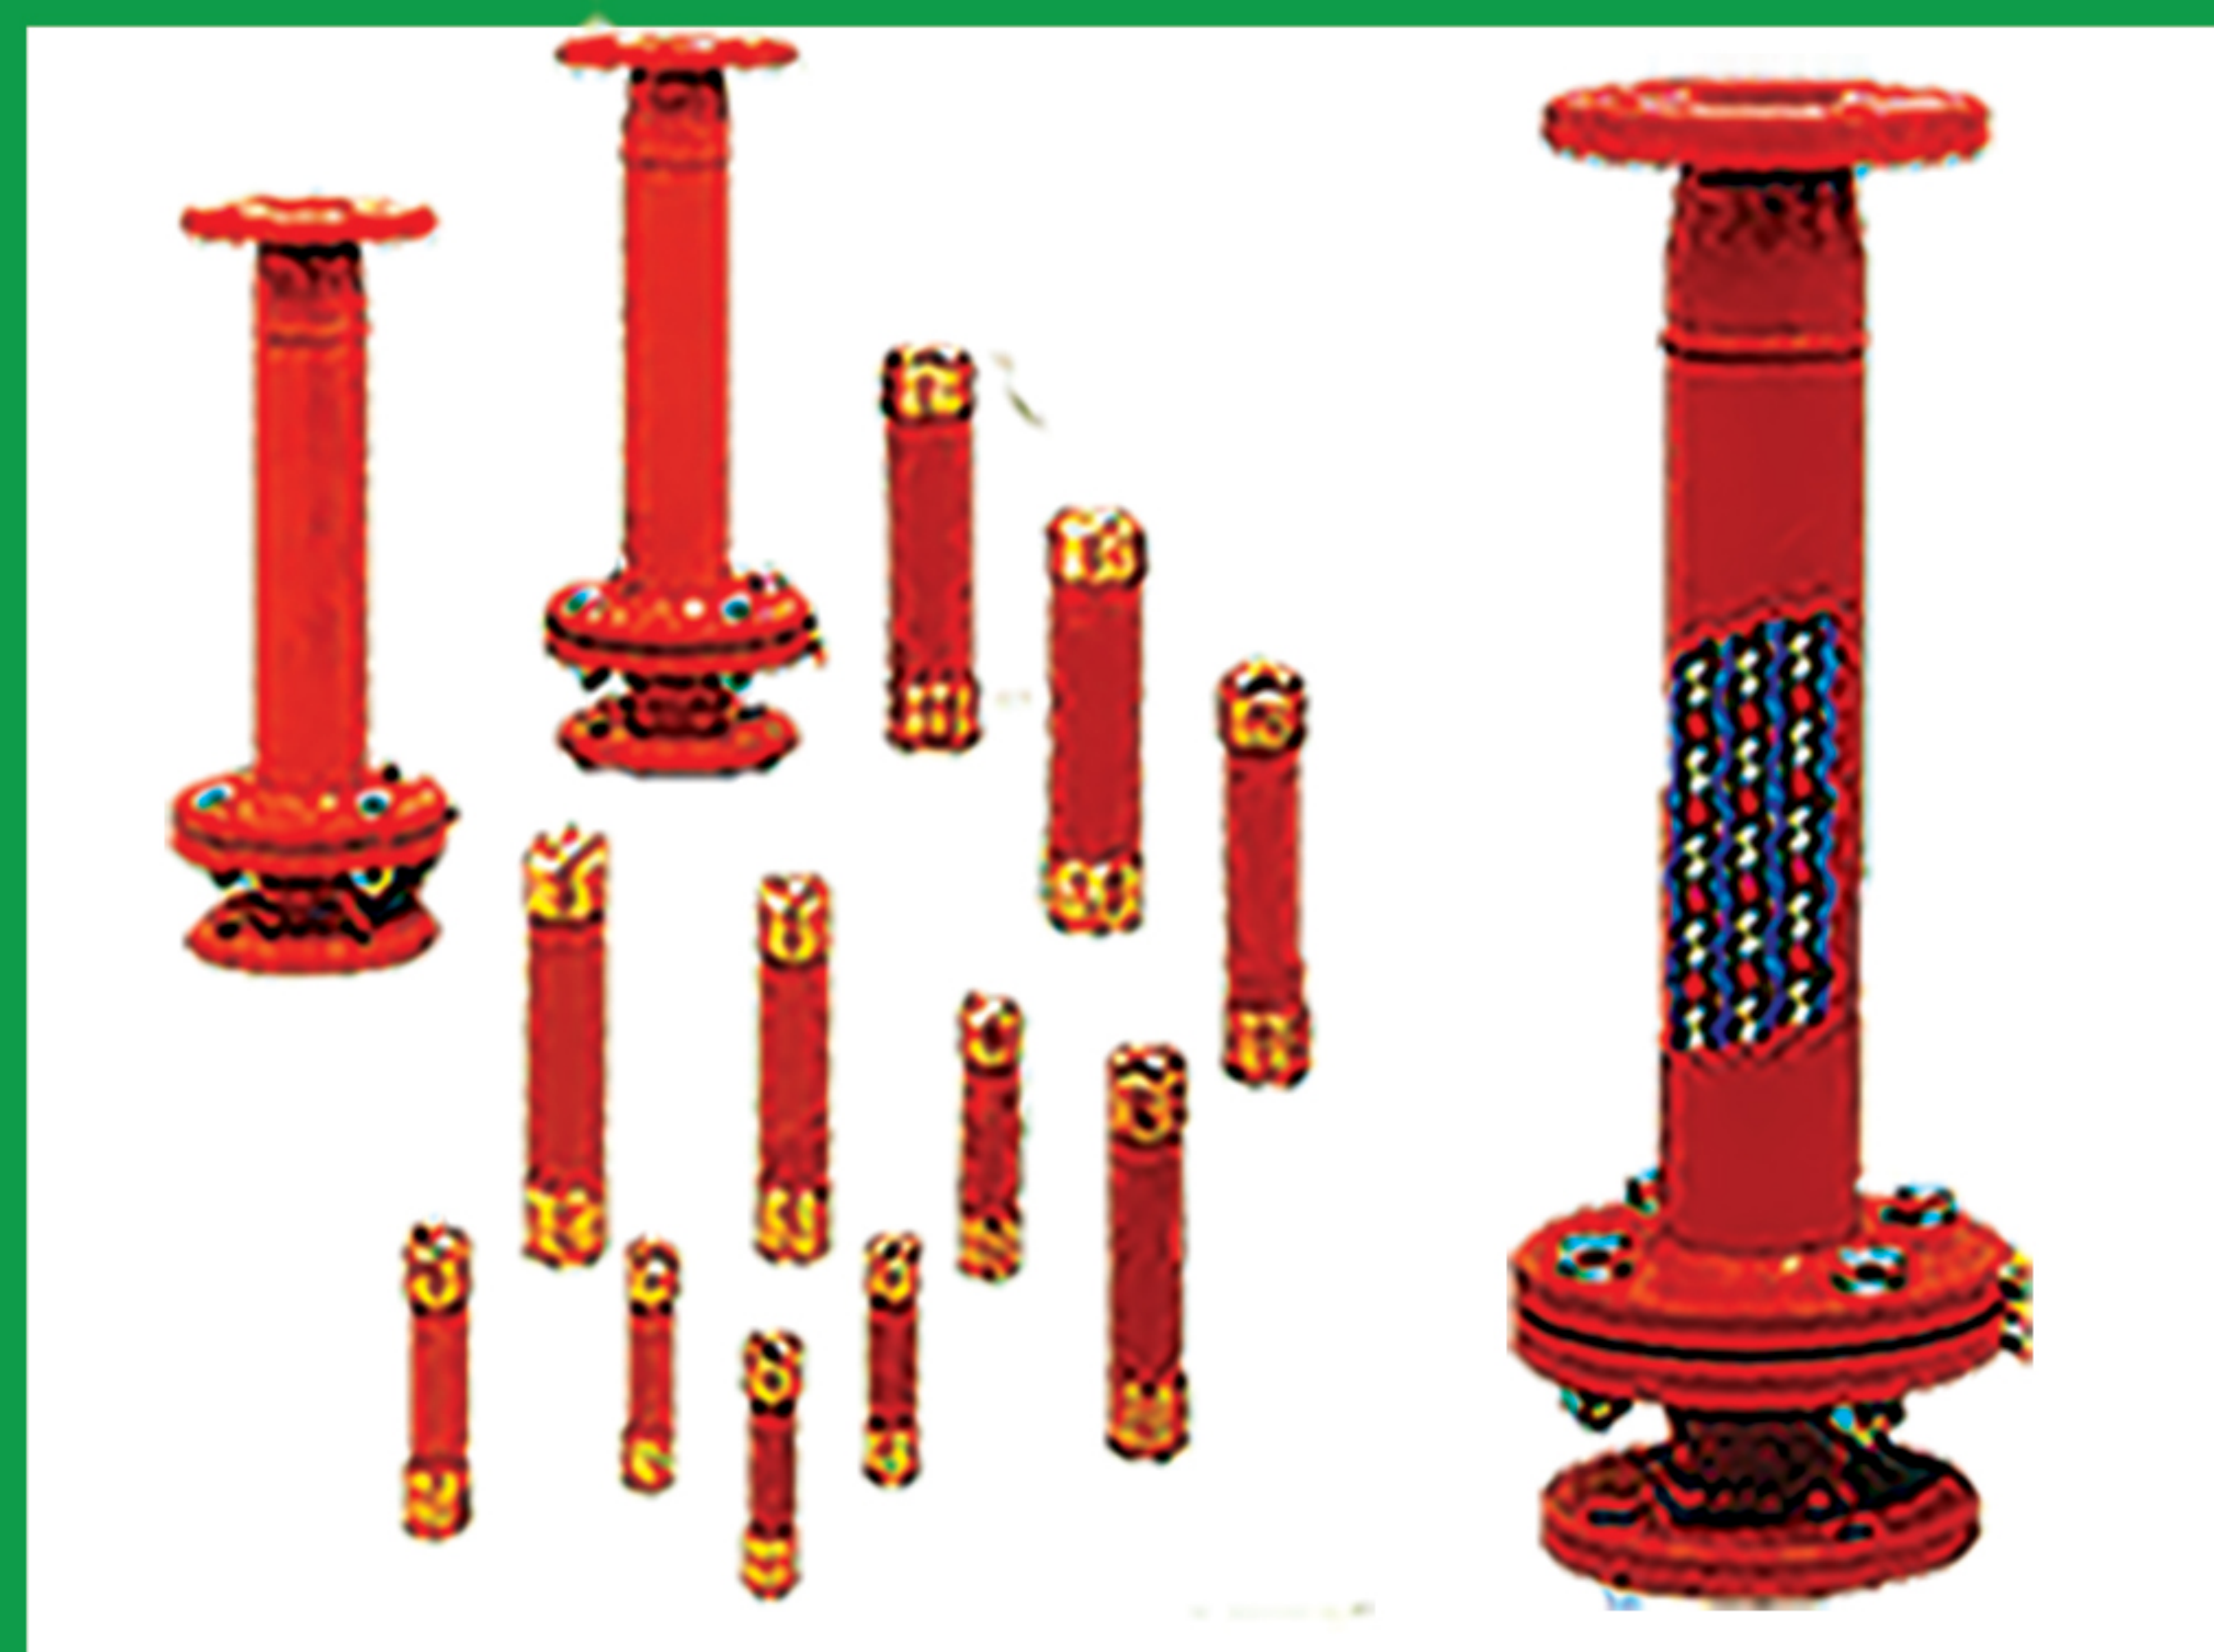

Water machine guns

Water sprinklers to grow feeds and vegetables from text to 3 inches

An excellent American and European industry

Green flat machine guns Automated stops and operations Electrical lockers and lockboxes

Maintenance
and
spare parts

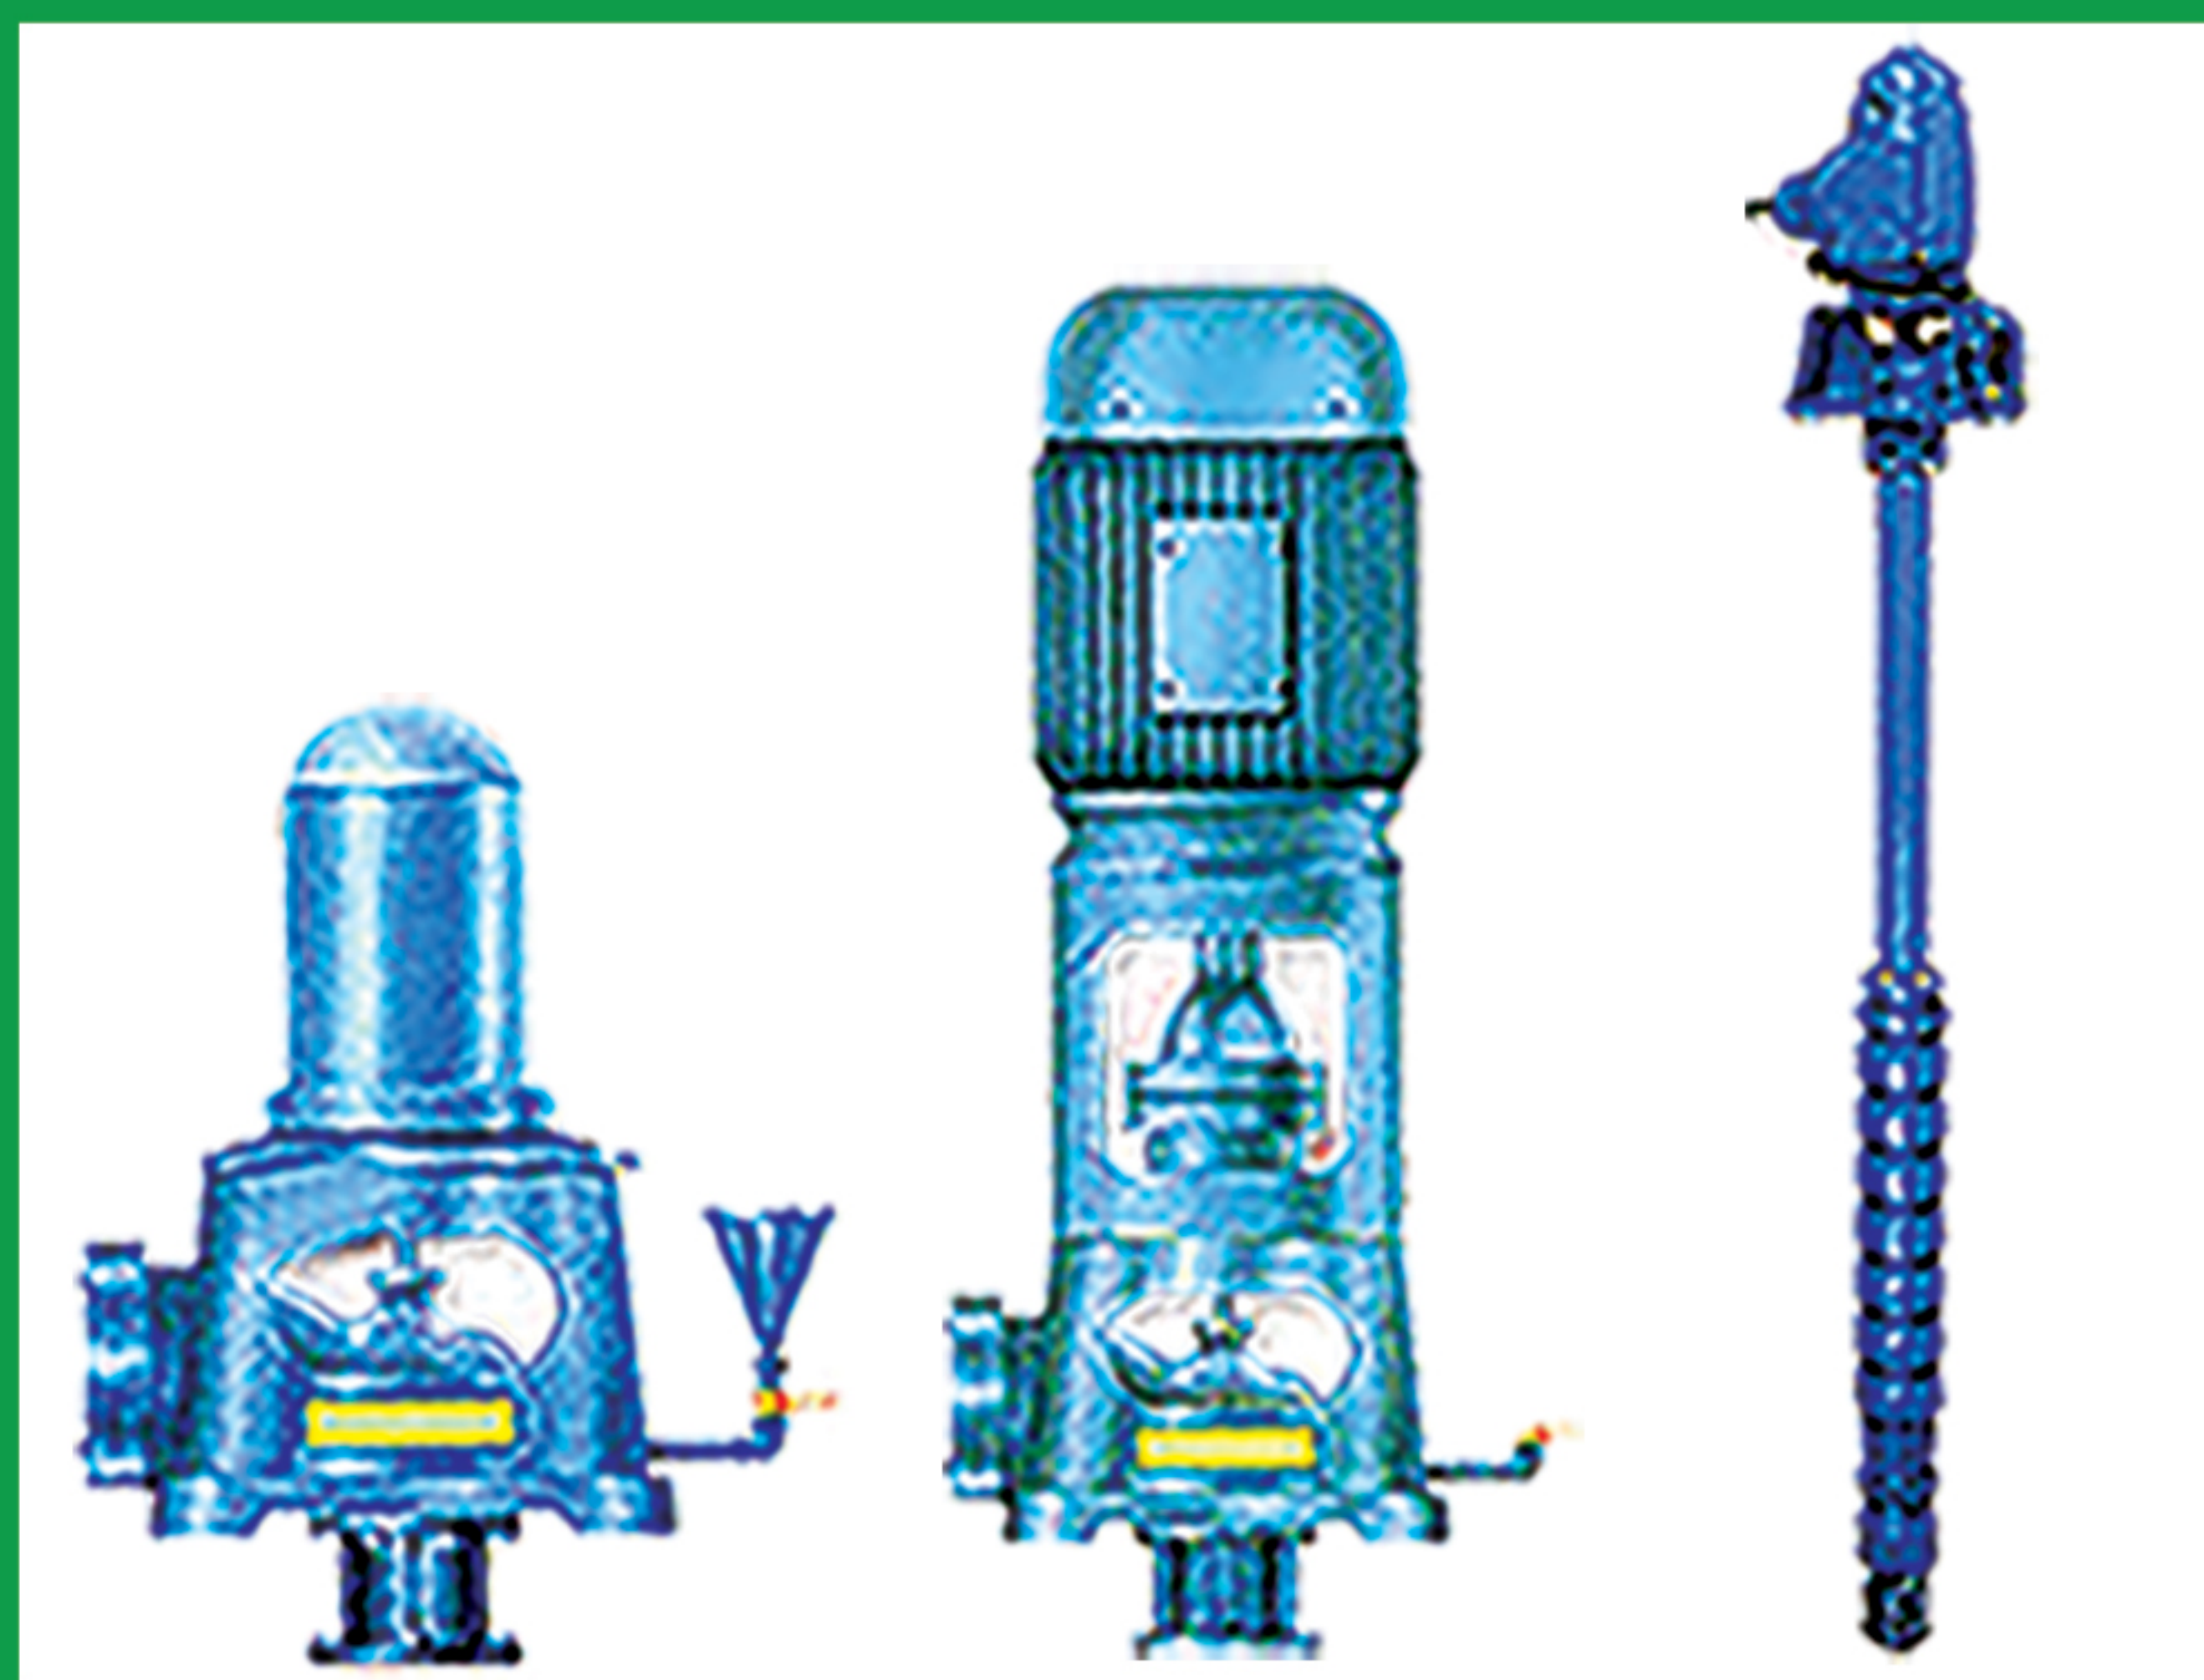

Salt dispersant

Automatic horizontal is vertical.
Sizes from text to 100 horsepower.

Home and farm use. The world's best brands.

Maintenance
and
spare parts

Water pumps

Squadron and multiple measurements.

The world's best brands.

Installation,
maintenance,
and spare parts

Agricultural supplies

Grass clippings

Maintenance
and
spare parts

strong and practical.
Different speeds and lengths.

3.5 to 35 horsepower Multiple types and measurements
Work with a paddle or ride it The world's best brands

Saws

Maintenance
and
spare parts

Multiple types and measurements
Flash saws, woods and trees.
The world's best brands.
Petrol and electricity

Sowing trays - Agricultural dibblers

Excellent
manufacturing

Multiple types and measurements

Plows, consorts, studies, harvests, forage platters.

Installation,
maintenance,
and spare parts

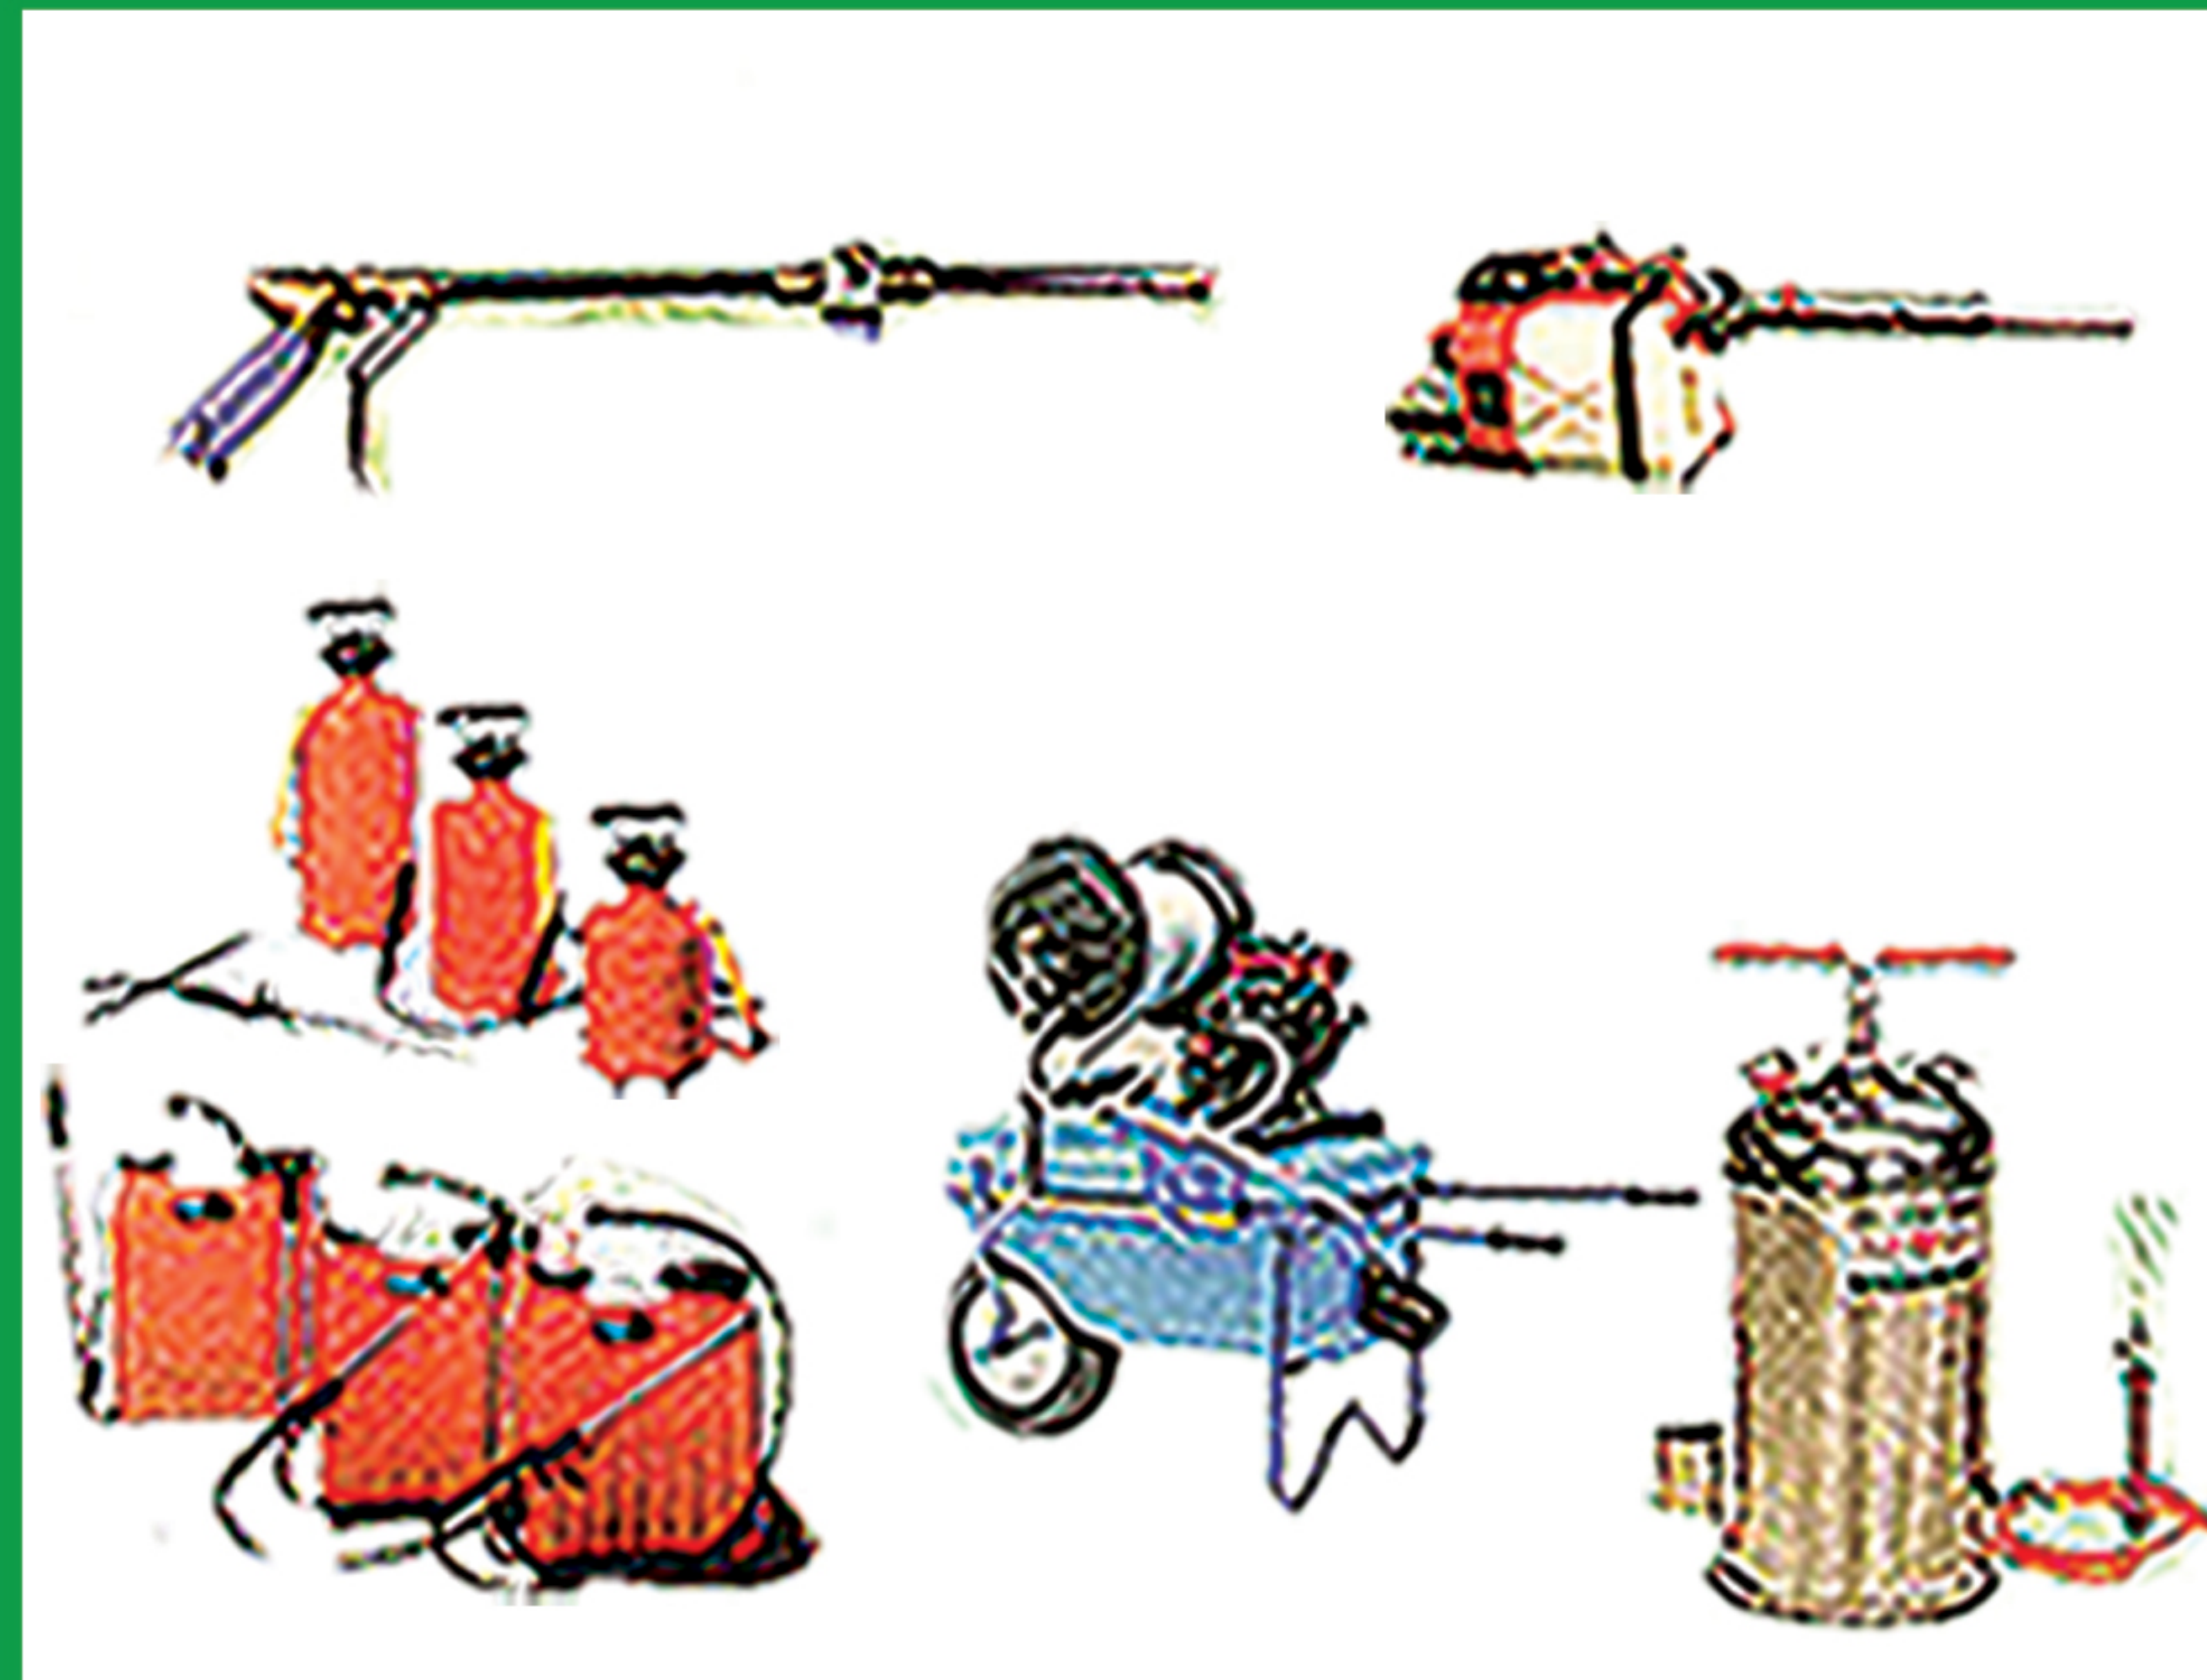

3-to-20 horsepower measurements Multiple types and measurements
She works in diesel and gasoline.

Trimming shears - Hose reels

Excellent
manufacturing

Multiple types and measurements

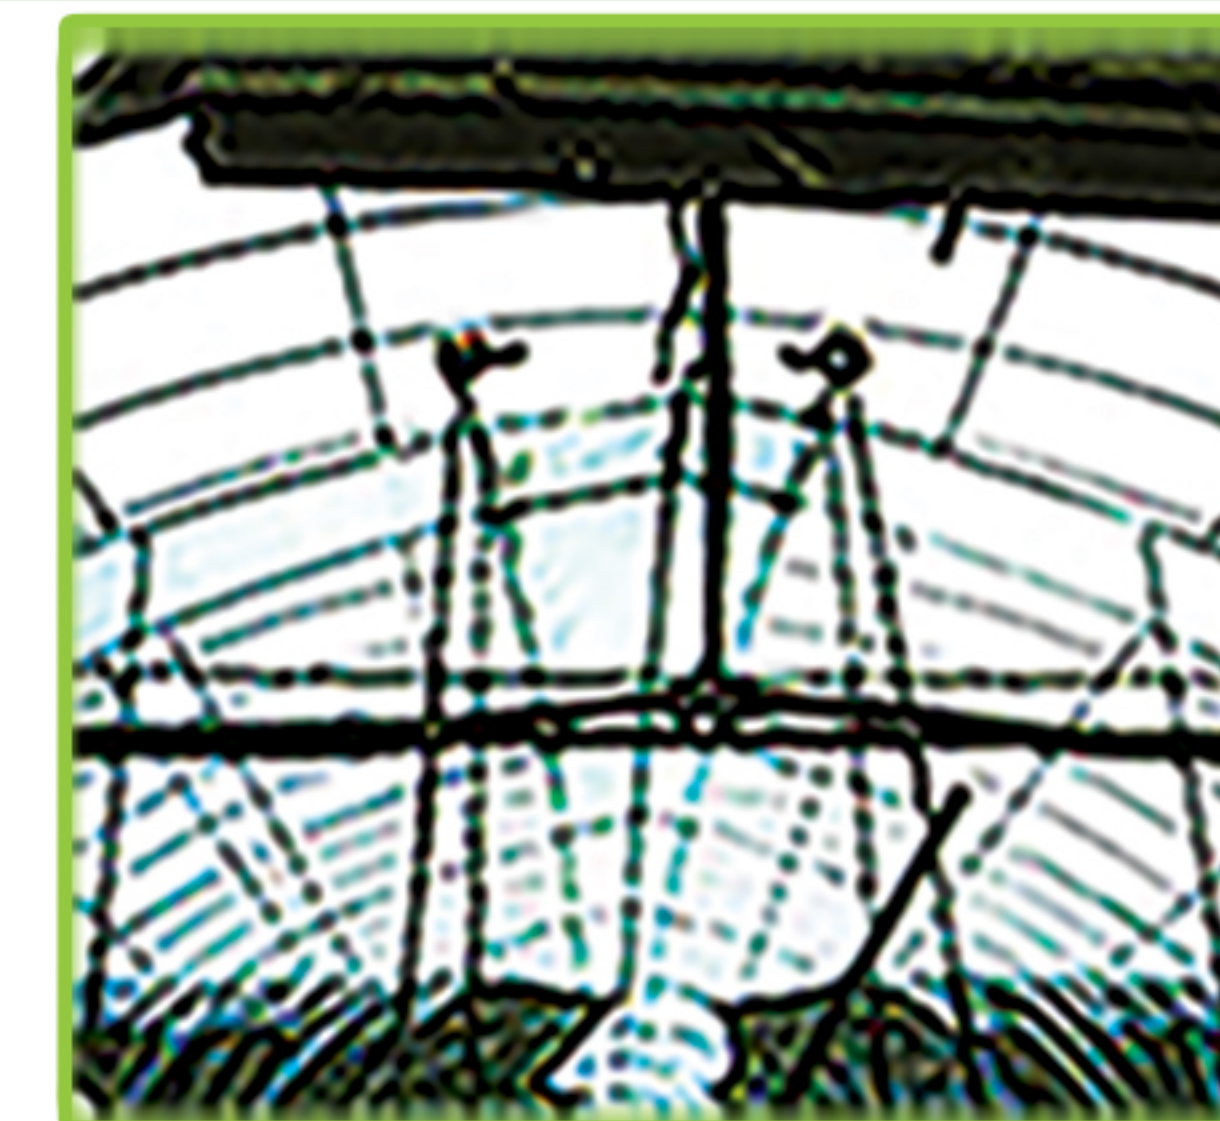

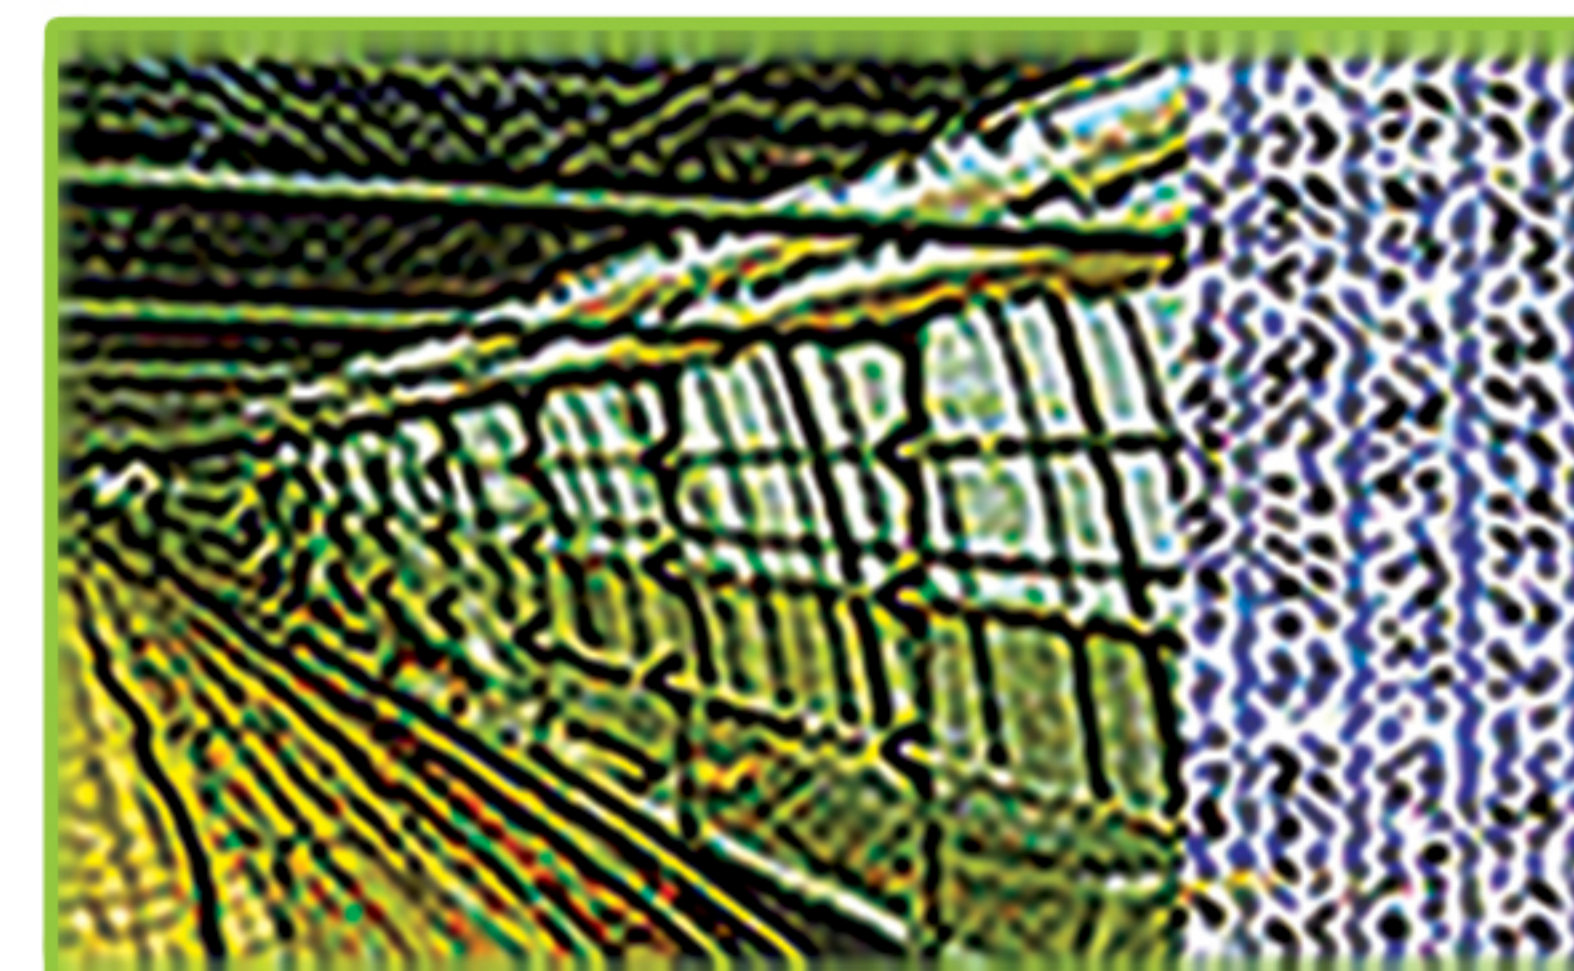

Pesticide spraying guns

Installation,
maintenance,
and spare parts

The world's best brands.
Multiple types and measurements

Agricultural supplies

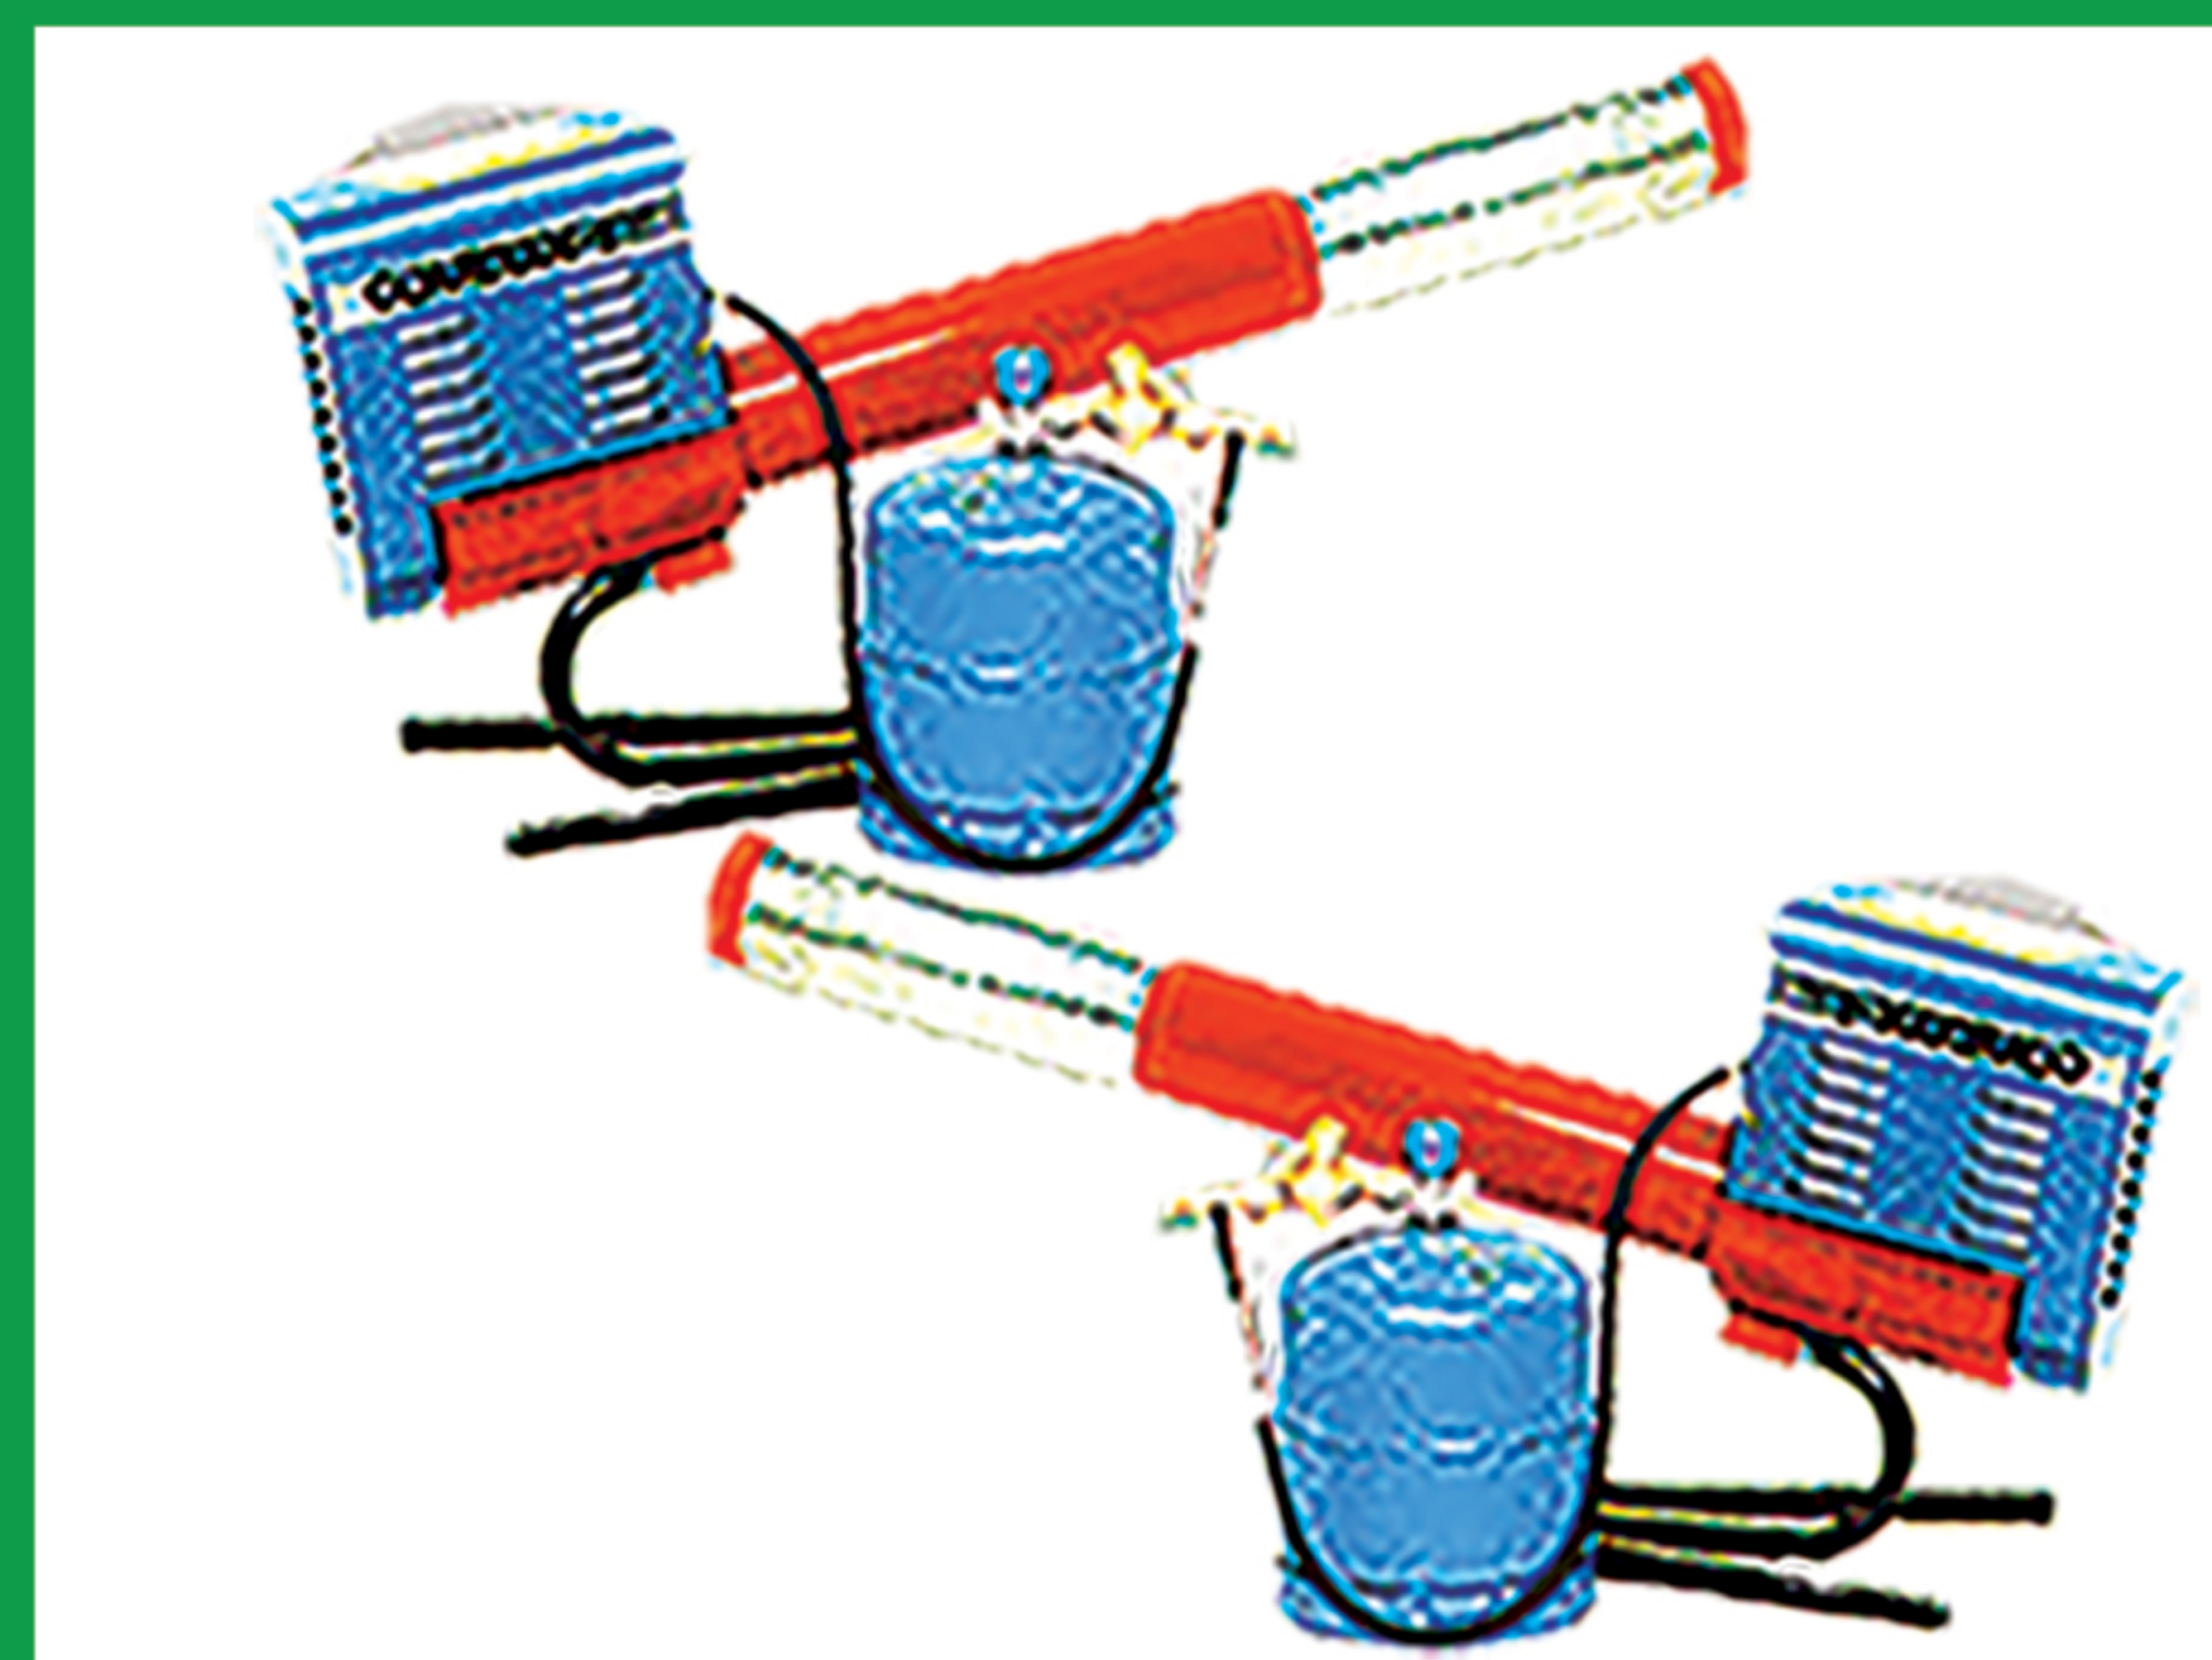

Nets

Excellent
manufacturing

Frost protection nets.
Insect protection nets

Pitch nets and barns.
Bird crop protection nets

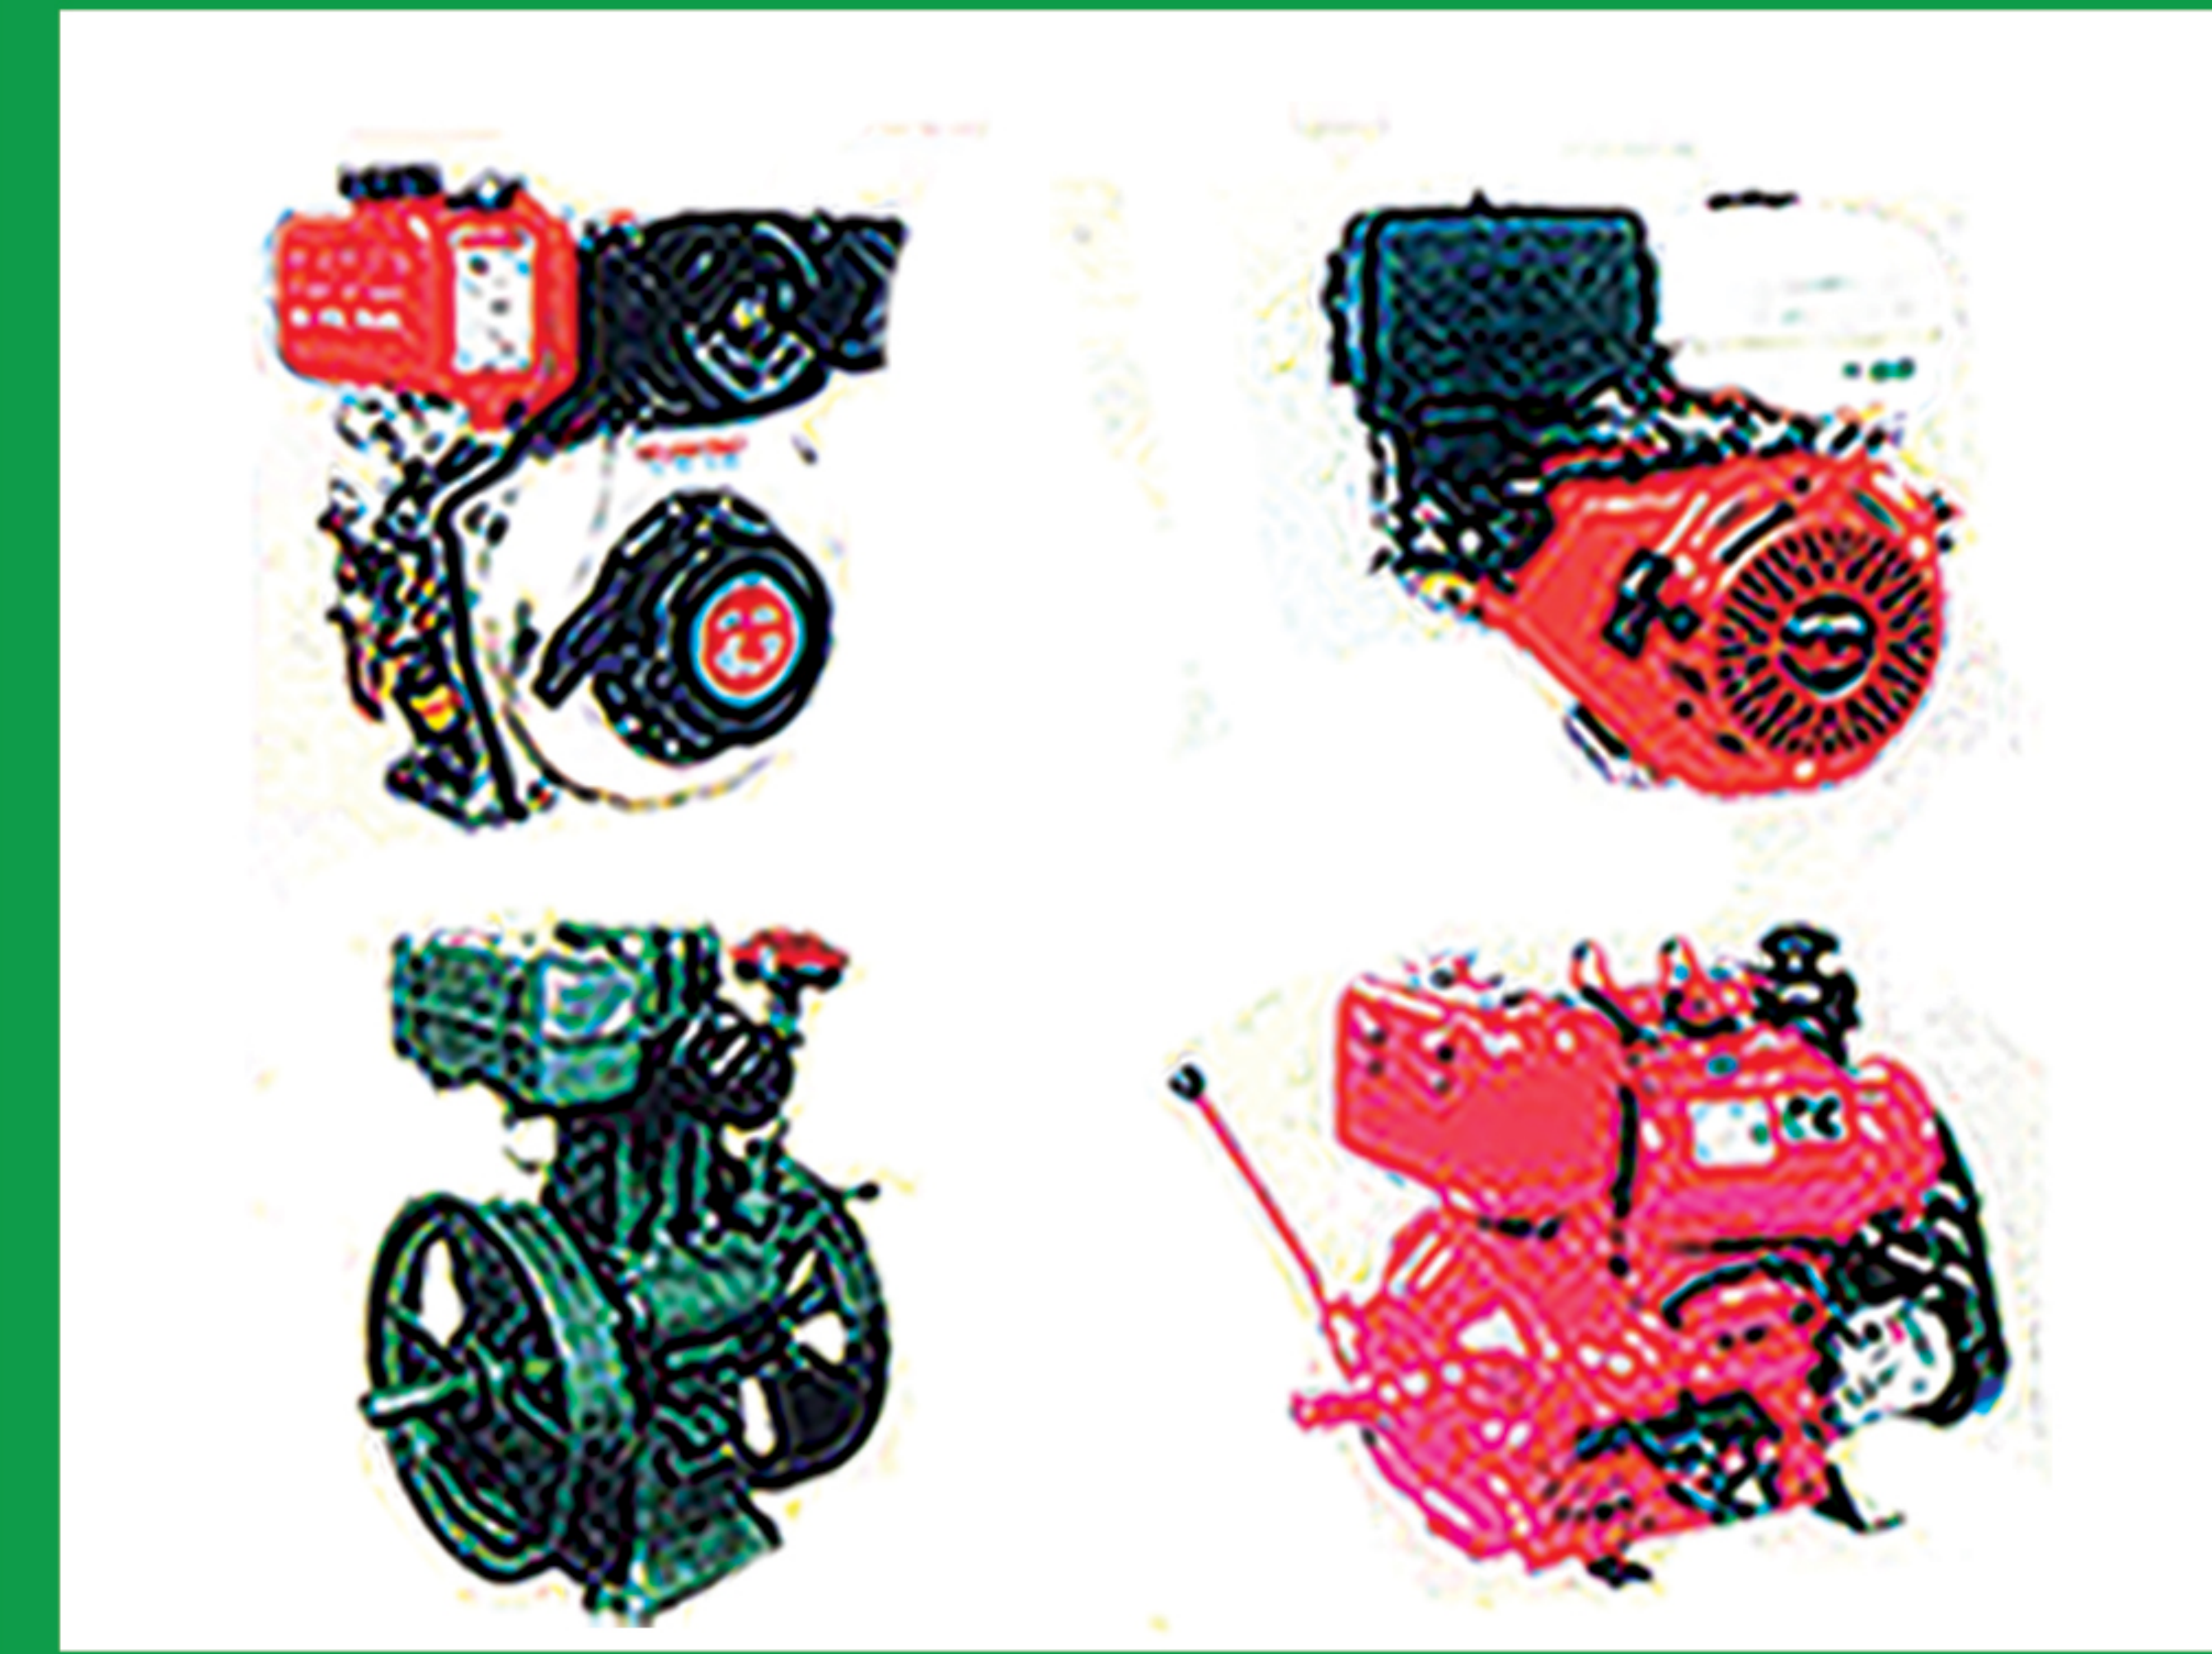

Shadow nets are different sizes.
Anti-wind nets

Scarecrows for birds and animals

Maintenance
and
spare parts

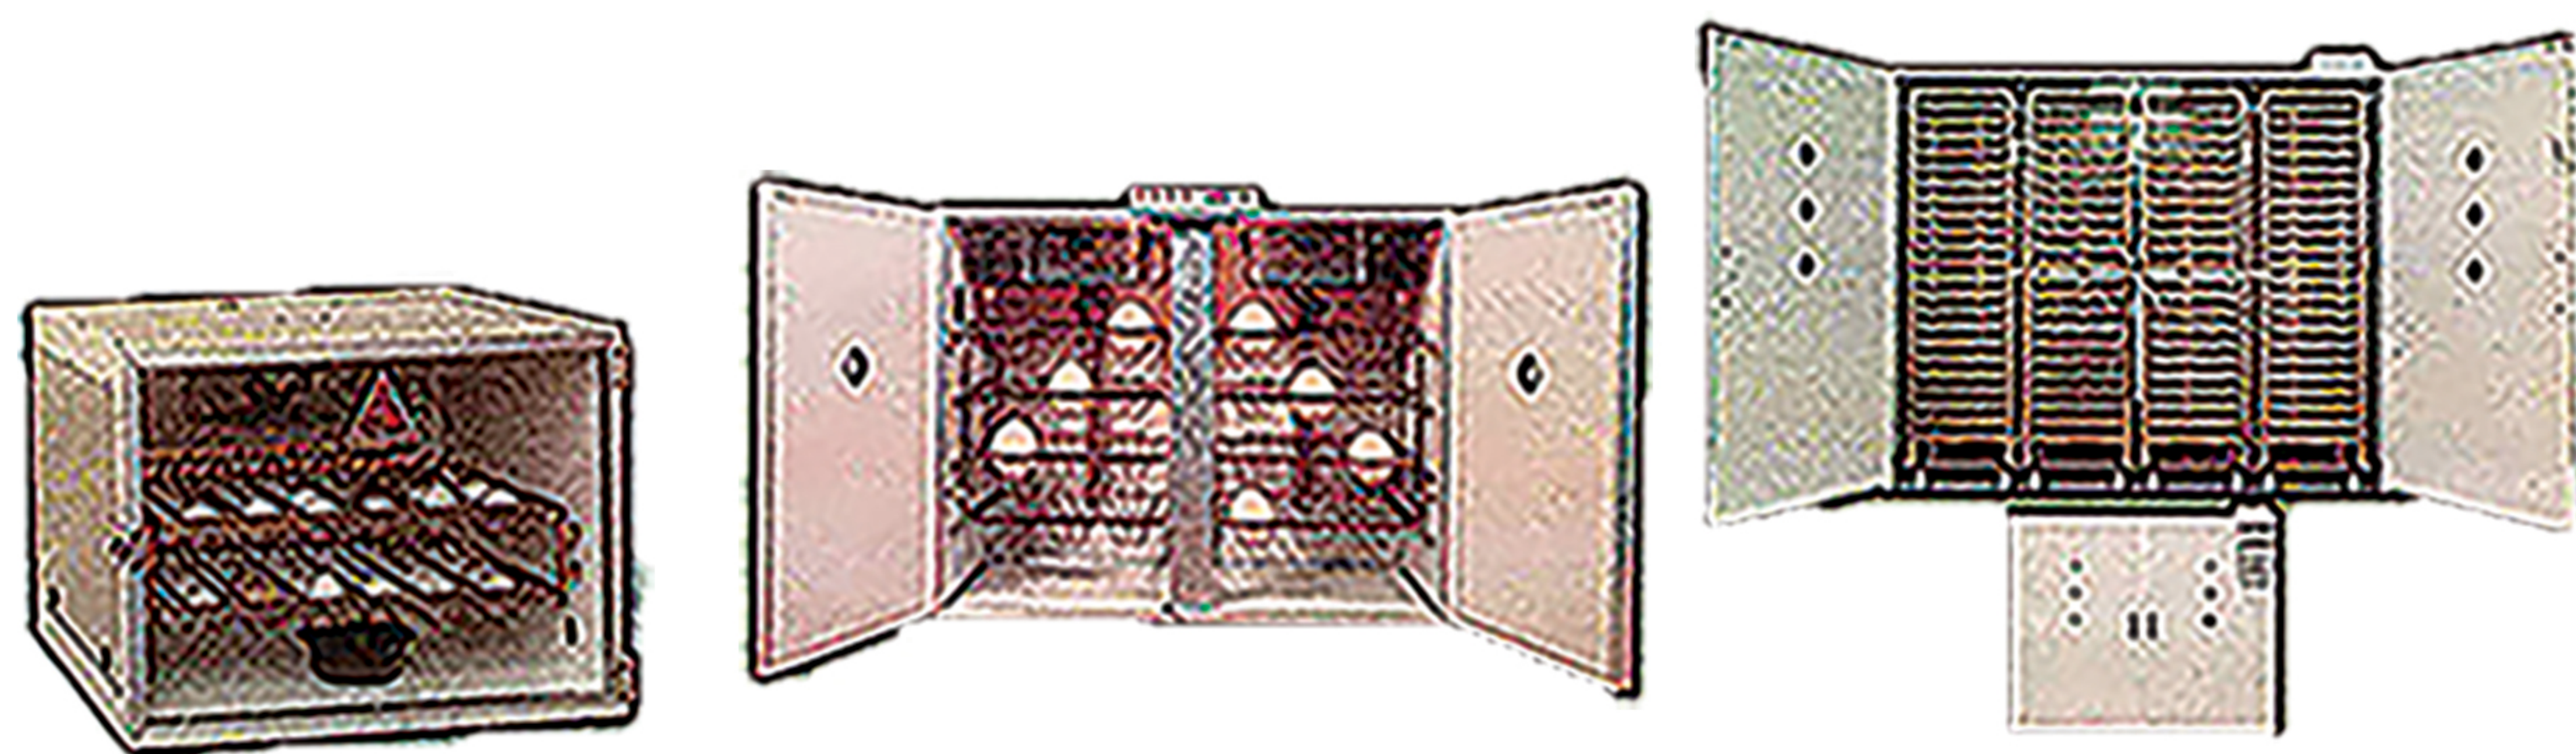

Operates continuously and without breakdowns
Multiple sounds and frequencies
High European industry
Different designs.

Machines.

Installation,
maintenance,
and spare parts

The world's best brands.
Multiple types and measurements
Sizes from 3 to 175 horsepower.
works in diesel and gasoline.

Automatic egg incubators

Maintenance
and
spare parts

Sizes of 35 eggs - 5,000 eggs.

Multiple types and measurements

Special types of ostrich.

Protected homes

Installation
and
supervision

Regular protected houses, single and multiple colds.
All sheltered house supplies, cooling and oasis

Cow and sheep milking machines

Maintenance
and
spare parts

Cows and gingers of double and single drums.

Different sizes, from 20 to 100 liters

The world's best brands

Minister of Environment, Water, and Agriculture Dr. Fahd Balghunaim is visiting the section of Mahanna Company at the agricultural exhibition.
